PROFESSIONAL SUMMARY

Frontend Developer specialising in React, Next.js and TypeScript. Experienced in building responsive web applications and interactive dashboards with Tailwind CSS, reusable component design, application state management, REST API integration, and Supabase authentication and database workflows. Built and deployed 5 live web applications covering fintech, hospitality, e-commerce and education. Completed software development training at Start Innovation Hub and continue to strengthen backend and full-stack capabilities through hands-on projects.

TECHNICAL SKILLS

Languages & Frameworks: JavaScript (ES6+), TypeScript, React, Next.js

UI & Styling: Tailwind CSS, Responsive Web Design, UI/UX Implementation, Framer Motion, Lucide React

Frontend Engineering: Reusable Components, State Management, REST API Integration, SSR/SSG with Next.js, Next.js App Router

Backend & Data: Supabase, Authentication, Database Integration, Paystack (payments)

Tools: Git, GitHub, Visual Studio Code, Vite

DEVELOPMENT EXPERIENCE

Freelance / Independent Frontend Developer
Uyo, Akwa Ibom, Nigeria | Feb 2024 – Present

- Build responsive user interfaces and interactive application screens with React, TypeScript, and Tailwind CSS.
- Develop reusable components and organise frontend code for maintainability and consistent user experiences.
- Integrate application interfaces with REST APIs and Supabase services, including authentication and database workflows.
- Use Git and GitHub for source control and manage modern frontend projects with Vite and Next.js.
- Integrated Paystack payments and Supabase authentication in production apps.

SELECTED PROJECTS

TradeFrame — Trading Journal & Performance Platform (formerly Meridian) | https://beacon-keeper.vercel.app
Tech: React, Supabase, Paystack, Tailwind CSS, Framer Motion. Trade logging, goals, trading rules, analytics and broker connections, with Supabase authentication and Paystack-powered subscriptions.

Skyview Hotels — Hotel Booking and Property Management | https://skyview-hotel-delta.vercel.app
Tech: Next.js, TypeScript, Supabase, Paystack. Online room booking with server-side Paystack payment verification and row-level security.

Preshy Bare & Bloom — Online Storefront | https://bare-and-bloom-one.vercel.app
Tech: React, Vite. Reusable components with the product catalogue kept separate from the UI.

PrismView — Personal Finance Dashboard | https://prism-view.vercel.app
Tech: React, Context API, Recharts, React Router. Transactions, budgets and analytics in one dashboard.

Student Hub Platform | https://studenthub-black.vercel.app
Tech: React, Tailwind CSS. Responsive student resource and organisation platform.

EDUCATION & PROFESSIONAL DEVELOPMENT

Start Innovation Hub
Software Development Training — Completed | Feb 2026 – Sep 2026

Secondary School Education
West African Examination Council (WAEC), Science | Secondary Commercial School, Mbiabong Ikot Udofia, Akwa Ibom State | Sep 2018 – Jul 2023

Independent Technical Development
Ongoing — continuing hands-on learning with a focus on backend and full-stack development.
